Education

Central Peel Secondary School — Brampton, ON
Ontario Secondary School Diploma (OSSD) — *Sept. 2024 – June 2028*

- Enrolled in the Advanced Placement (AP) and Peel Regional Strings programs
- Maintained a 97.3% academic average across Grades 9 and 10
- Fast-tracked Grade 11 Introduction to Computer Science in Grade 10, achieving a 99% final grade

Technical Skills

Languages: Python, TypeScript, C++, Java, Luau
Frameworks: PyTorch, OpenCV, Astro, Tailwind CSS, Ultralytics, NumPy, pandas, scikit-learn
Graphics: OpenGL, GLSL, Three.js, Blender, Roblox Studio, Rojo
Platform: Cursor, GitHub Actions, Git, VS Code, Visual Studio

Projects

Sleep Cognition ML | *Python, uv, scikit-learn, pandas, NumPy, SciPy* — August 2026 – Present

- Built an ML pipeline on 1,092 polysomnography records to predict cognitive impairment
- Raised AUROC from 0.504 to 0.788–0.800 using random forest, logistic regression, and gradient boosting
- Analyzed feature importance across 20 random seeds, identifying age and BMI as the only reliable predictors

Rainfall | *Luau, Rojo* — July 2025 – Present

- Engineered a kernel bootstrapper with runtime configuration overrides and an in-memory module registry
- Built low-level systems including proxy-based state management, reflection layers, and structured logging
- Developed a substepped ballistic engine using Euler integration and a kinematic animation solver

Awards & Honours

Second Place Medalist | *Spark4STEM SparkHacks* — August 2026

- Placed second out of 11 teams, prototyping FavourLink in 30 minutes during a 4-hour hacking period
- Integrated Gemini 3.5 Flash-Lite using few-shot prompting and HTTP POST requests from Roblox Studio

Four Certificates of Distinction | *Waterloo Faculty of Mathematics CEMC* — Nov. 2024 – Feb. 2026

- Scored in the top 25% internationally on the Pascal, Cayley, Fryer, and CIMC
- Placed second school-wide by one point on the Fryer Contest

Perfect Score of 5 | *AP Computer Science Principles* — May 2026

- Self-studied college-level curriculum, mastering algorithmic efficiency, TCP/IP, and serialization trade-offs

Excellence in Leadership in Music | *Central Peel Arts Department* — Sept. 2024 – June 2026

- Awarded consecutively for simultaneously leading as a two-time principal violist, two-band section leader, two-choir bass, and rock band multi-instrumentalist

Leadership

Co-Founder & Instructor — June 2026 – Present
Central Peel Coding Club — *Brampton, ON*

- Grew a student developer club to 50+ registered members by teaching ML, physics, and game development
- Organized a school-wide game jam, managing event logistics, contest rules, scoring panels, and awards

Chapter Leader — June 2026 – Present
Central Peel STEAM IC — *Brampton, ON*

- Revived the school chapter, generating immediate student traction via a cross-club meeting
- Co-lead all operations with a peer while managing the internal communications officer

Group Leader — June 2026 – Present
Central Peel Link Crew — *Brampton, ON*

- Turned quiet student groups into highly competitive teams that chanted, strategized, and won school-wide games
